Eric,

Your position in regards to staffing for the NFB Removal is understood and I will do my best to keep the same set of folks rotating in and out for the purposes of continuity. Hope all is well with you and thank you for the feedback!

Tim

Good Afternoon Tim:

How is your summer going? I just wanted to tell you what a great job Weston personnel have been doing at the Niagara County Sites. Peter has especially been a key part of our technical team as well as a hard worker in the field. I know we will be bringing Rob back and Mike Beuthe will be at the Site for the first time. I understand the need to rotate for personnel reasons as well as health and safety. Moving forward I am hoping to keep the same trained staff rotating in and out whenever possible (Beuthe, Croskey, Lang). We really need to start rolling and making progress during the remaining warm weather months.

I hope all is well.

Thanks

Regards,

Eric
